Always wear approved safety glasses and ear protection when shooting or observing shooting at any Lewis Target.

Always maintain a Minimum Safe Distance: 30 feet for handguns, 50 yards for Rimfire rifles, 150 yards for Centerfire rifles. Do not move closer than these distances to any Lewis Targets.

Never fire a gun while under the influence of alcohol or drugs.

To reduce the likelihood of (a) bullet ricochet, DO NOT USE Jacketed ammo.

All shooters must be trained and qualified in the proper and safe use of firearms.

Minors shooting at targets must do so under proper and qualified adult supervision.

Always inspect the targets before and after use for proper and safe operation. Do not use any targets if any damage or improper operation is found.

**Step 1.** Place base piece flat on ground.

**Step 2.** Place upright piece into base piece.

**Step 3.** Place top mount assembly onto upright piece.

**Step 4.** Place shaft in bearings with star on same side as bullet splitter.

# ASSEMBLY SHEET: *SHOOTING STAR* (PAGE 2 OF 2)

**Step 4a.** Assembly should appear as shown.

**Step 5.** Install the five (5) target plates into the spring retainers.

## Completed Shooting Star Assembly
